Life as a CISO in Local Government
Were not in Kansas any more.

30 years later and where are we…? still talking about what we can do …still talking about all the cyber security positions we can’t fill… but we have a $150-200B cyber security industry!
Size of the cyber security market worldwide, from 2016 to 2021 (in billion U.S. dollars)

The statistic depicts the size of the cyber security market worldwide, from 2016 to 2021. In 2016, the global cyber security market is expected to reach 122.45 billion U.S. dollars.
Which IT security tasks are we facing the most pressure to address?

- Identifying vulnerabilities: 22%
- Preventing malware, including ransomware: 20%
- Strengthening passwords and remote access: 13%
- Detecting malicious activity and compromises: 12%
- Patching vulnerabilities: 12%
- Managing network-connected devices: 9%
- Preventing social engineering and phishing attacks: 8%
- Containing and responding to incidents and breaches: 4%
