School of Business Required Courses

The following information pertains to students enrolled in the School of Business prior to fall 2015.

The following are the School of Business requirements in addition to the general education requirements for the bachelor of science degree:

- Econ 103 Microeconomics* (3 credits)
- Econ 104 Macroeconomics* (3 credits)
- Econ 300-400 Upper Level Economics (any, except for ECON 385) (3 credits)
- Math 108 Calculus with Business Applications* (3 credits) - Math 113 can be substituted for Math 108
- Natural Science - School of Business requires 8 credits of Lab Science, and recommends a two semester sequence. Click here and scroll down to Natural Science for a list of lab sciences.
- One course in Anthropology, Psychology, Sociology or SOM 100 (3 credits)

Two of the requirements fulfill the general education sections for Social and Behavioral Science and Quantitative Reasoning.

*The School of Business requires a “C” or better grade for this course.

See the University Catalog for course descriptions and program requirements or talk to a School of Business academic advisor.
