George Mason University

School of Business
Spring 2017

Finance 412 - Futures and Options Markets
Class Room D001, Mason Hall
Class Time: Tuesday and Thursday 3:00pm to 4:15pm

Instructor: Dr. George H. K. Wang**
Room 225, Enterprise Hall, Phone: 703-993-3415
Fax: 703-993-1870
E-mail: Gwang2@gmu.edu
Office Hours: Tuesday 1:15PM- 2:45 PM; Thursday 1:15PM– 2:15PM or by Appointment (lecture notes and assignments are available in Blackboard)

Texts:
1. Hull, John C. Fundamentals of Futures and Options Markets 2014 (9TH edition), Pearson (required)

Prerequisites: Finance 311.

Objectives: The purpose of this course is to acquaint the student with the following subjects:
(1) The economic function and institutional characters of futures and options markets; (2) The rationales behind major derivative pricing models and using these pricing models to evaluate alternative derivative instruments; (3) Various arbitrage, hedging and trading strategies commonly used in these markets and (4) Fundamental concepts of risk management.

This course will build a foundation for you to pursue further study in the areas of Derivatives. The current demand for financial analysts with a concentration in derivatives is very high. Be sure to master this course and you will be rewarded in the future.

2. Additional reading assignment will be announced in class and all reading assignments are available at the reserve desk of the Johnson library.
Examination Policies:

(1) Grading standards:
- Class attendance: 5%
- Mid-term exam: 35%
- Final exam: 45%
- Problem sets: 15%
- Total: 100%

(2) Use of (+, -) grades and Types of exams: short essay on fundamental concepts and problem-solving questions.

**Course Outline and Schedule**

Honor Code: Students are expected to observe the GMU Honor Code.

Attendance Students are strongly encouraged to attend every class meeting. Anyone who thinks that he/she has a chance of missing more than four classes should definitely take a different course.

Etiquette in the Class Room - Students must turn off all phones, beepers, etc. when attending class. No one has permission to tape record any part of any lecture or discussion in any session. PRIVATE CONVERSATIONS BETWEEN STUDENTS WHILE CLASS IS IN SESSION ARE IMPOLITE, UNPROFESSIONAL, AND UNWELCOMED.

Exams Students who want to take an exam at other than at the scheduled time must get prior permission from the instructor who is unlikely to give it unless the student has a serious medical problem (documented by a doctor in writing) or faces a severe conflict in schedule because of a work-related matter (documented in writing by a supervisor).

Suggestions for Readings

** (Short Bio) George H. K. Wang is the Research Professor of Finance in the School of Management at George Mason University. He received his Ph. D in statistics and economics (double majors) from Iowa State University, Ames, Iowa. He was the Deputy Chief Economist and Director of Research, U. S. Commodity Futures Trading Commission. Dr Wang was visiting Professor of Finance, Faculty of Economics and Business, University of Sydney, Australia in summer, 2006, 2007, and winter, 2013 and a Visiting Professor of Finance, College of Management, National Central University, Jhongli, Taiwan in summer 2007. He has published widely in major refereed journals in the areas of derivative markets, applied time series, econometrics, mortgage markets and transportation. He is an elected ordinary member of International Statistical Institute and on the editorial board of the Journal of Futures Markets.
